

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at <http://books.google.com/>

"THE ALMIGHTY DOLLAR,"

The Many Have Too Few and the Few Too Many.

I HAVE the pleasure to announce a new departure—the location of an agency in New York City for the purchase and selection of my stock, in order to obtain and quote lower prices than others who buy on long time and ask big prices in these days of panic and hard times. My agent has instructions to watch every sale and every failure; to look after every house on the verge of bankruptcy and ruin, and with cash in hand to buy every class of merchandise that I can get at less than its value, so that I can mark in plain figures on my bargains prices that have not been named or quoted in this city or any other. I deal in good goods and not trash, and believe the masses will patronize that house that sells the best goods for the least money. I invite an early and repeated visit and inspection. My stock will be replenished every few days (and to merchants I offer some special leaders, fully 15 to 20 per cent. lower than current prices).

Respectfully submitted to cash trade only, by

Highland Park Hotel.

GRAND HAVEN, MICH.

**MOST DELIGHTFUL SUMMER RESORT
IN THE STATE.**

GOOD FISHING, BOATING AND BATHING.

HIGHLAND PARK HOTEL.

THIS beautifully situated hotel is one mile from Grand Haven on the shore of Lake Michigan, 80 feet above the water level. It has many advantages for families seeking a cool and delightful place to spend the warm summer season. They have one of the finest sand beaches in the Northwest for bathing, with bath houses and bathing suits. Excellent fishing and boating adds much to the pleasure of visitors. From the broad verandas of the Highland Park Hotel we have the grandest view of Lake Michigan. This hotel is new and newly furnished. A first-class table, with fruit, vegetables, and fresh fish in abundance. Conveyances meet the arrival of every boat and train for a drive of one mile to the Park Hotel. The air is pure and bracing, but so clear, dry and invigorating, that the weakest constitution may enjoy its life-restoring qualities without any danger of ill effect. It is particularly efficacious in the building up of convalescents or invalids.

RATES \$2.00 PER DAY. Special terms by the week given to families desiring to stay during the season. Address

1892.

1892.

FLORAL STOCK FARM.

SPRING LAKE, MICH.

The Home of Michigan's Champion 3-Year-Old, Geo. St. Clair

Race Record 2:20 1-4. Quarters at the Rate of 2:08.

Foaled April, 1888; in color a bay, stands 16 hands high and weighs 1,200 pounds.

As yet he has never drawn less than 200 pounds in the sulky, but, barring accidents, he will start to beat the 4-year-old mark in 1892. Those most competent to judge, after carefully considering his limited advantages, back their opinions freely and publicly, and have gone on record as saying that George St. Clair is the greatest race-colt of his age yet produced.

Sired by BETTERTON 8022 a speed-producing son of Geo. Wilkes, who was out of the great brood mare Mother Lumps, by Pearsall 243. The dam of George St. Clair is **Ill Wind**, by **Young Jim 2009**, the sire of thirteen trotters and one pacer, with records from 2:19 to 2:30, and of the dams of Burns McGregor (2 yrs.), 2:29; Frenzy (2 yrs.), 2:27½; George St. Clair (3 yrs.), 2:20½, and Kingbolt (4 yrs.), 2:29½. His second dam is by Hambletonian 10, and his third dam by Black Bashaw. Summed up then, briefly as possible, we find that his blood lines trace twice each to Geo. Wilkes, Henry Clay and Imp. Diomed; four times each to Hambletonian 10, Imp. Bellfounder, Young Bashaw and Imp. Grand Bashaw; six times to Abdallah 1; three times to Andrew Jackson; once each to Pearsall, Jupiter, Black Hawk and Engineer, and thirty-two times to Imp. Messenger; the whole backed with the best of thoroughbred blood and six producing dams, four of them great brood mares.

He will make the season of 1892 as the stable companion of Sable Guy at Dowagiac, Mich., at \$250. Mares not proving in foal can be returned free next season or money refunded at my option.

Hunter Savidge 8952, steel gray horse, foaled June, 1886, stands 16 hands high and weighs 1,200 pounds.

Sired by PHALLAS CHIEF 2769, First Dam Curiosity, dam of Beulah (2:29½), by Enquirer, thoroughbred; second dam Mollie Higgins by Joe Downing 710; third dam by Picciola; fourth dam by Robert Bruce. Phallas Chief, by Phallas 1446 (record 2:13¾), by Dictator 113, first dam by Lakeland Abdallah 351. Phallas 2:13¾, dam Betsy Trotwood, by Clark Chief 89.

Will make the season at the Floral Stock Farm at \$50 the season, with usual return privilege.

H. J. S. 8879, black roan horse, foaled July 1884, 15½ hands high and weighs 1,100 pounds.

Sired by William Rysdyk 527, sire of Robt. Rysdyk 2:13¾, Beulah 2:29½, and three others with records from 2:25½ to 2:27½. One son the sire of Mab 2:27 and of the dams of Motor 2:29½ and Grit 2:29¾. First, second, third and fourth dams same as Hunter Savidge 8952.

Will make the season of 1892 at \$25, with usual return privilege. Both Hunter Savidge and H. J. S. are for sale at one-half their value, and both should have colts enter the charmed circle this season.

Among the brood mares the visitor can find Curiosity, by Enquirer, dam by Joe Downing 710; Beulah 2:29½, trial 2:21, by William Rysdyk 527, first dam Curiosity; Nellie S., by Wm. B. Hamilton son of Cuyler 100, dam the dam of Charley Hilton 2:17½; Owosso Queen, by Byerly's Abdallah, first dam by Rook Miranda; Mayflower, by Wm. Rysdyk, first dam Lottie Bell; Lizzie Shore, by Louis Napoleon 207, first dam Nellie S.; Nettie Savidge, by Louis Napoleon, first dam Nellie S.; Dahlia, by Frank Rowell 5276; first dam Owosso Queen; Anita Blaine, by Ambassador 2:21½, first dam Beulah 2:29½, by William Rysdyk 527; and Lorna Doone, by Hunter Savidge, dam Nellie S., by Wm. B. Hamilton.
